

B.8. PROJECT BENEFICIARIES TABLE

For each proposed activity listed below, quantify the direct beneficiaries by number and households. Additionally, for activities qualified on the basis of benefiting 51% low and moderate-income persons under B.7., complete the shaded area of the table.

			Very Low Income (A)			Low Income (B)			Moderate Income (C)			Total LMI (A+B+C)		
Activity	Total Bene- ficiaries	Total HH	Number	HH	% of Total Bene- ficiaries	Number	HH	% of Total Bene- ficiaries	Number	HH	% of Total Bene- ficiaries	Number	HH	% of Total Bene- ficiaries

Describe in detail the methodology used to determine the beneficiaries (including very low, low and moderate-income beneficiaries) in the above table. For projects involving survey of the project area, follow the survey methodology outlined in the Alabama Intergovernmental Policy Letter No. 22, and provide a map showing a sequential numerical correlation of surveys to households in the project area.
